## Glass Options

**TMAX™** insulated glass packages are offered as an upgrade to help you save heating and cooling costs while keeping your home more comfortable. In warm weather, TMAX reduces solar heat gain, minimizing interior glare and lowers interior glass temperature, saving energy and making your home more comfortable. In cool weather, TMAX provides outstanding thermal performance with warmer interior glass surfaces to help save energy and maintain comfort during a cold winter.

Meets ENERGY STAR® requirements in North, North-Central, and South Central Zones.

## Additional Features

Patented detent clip to prevent the top sash from drifting

Recessed tilt latches for convenient and easy operation

Spring-loaded night latches for added safety, security and ventilation
