

9990 Welded Vinyl Hopper Basement Window

Vinyl New Construction
Windows

MI windows come with standard features you would expect to find as options on more expensive windows.

FORM. FUNCTION.

Our windows are designed not just for beauty, but are built to last. State-of-the-art technology is used to create clean window lines that will improve your home's appearance. Using the highest quality materials and sophisticated manufacturing techniques, we produce well-built, strong, easy-to-install windows that will provide years of comfort for your family. With multiple color and grid options, our windows are perfectly suited for any room style.
